Are you
Britain's
grimeiest
plumber?

The search continues

PHPI has teamed up with Big Wipes to find Britain's Grimeiest Plumber. If you make the grade, you could win a year's supply of Big Wipes 4x4, an off road experience and a cleansing spa day... not to mention T-shirts for the first 20 entries this month.

Big Wipes is on a mission to get tough on grime and look after the trade with its 4x4 range of industrial strength wipes. Big Wipes 4x4 contain no fewer than four powerful cleaning agents and four dermatologically tested skin conditioners – making Big Wipes

4x4 cleaning wipes even tougher on grime and even kinder to your hands.

We've already had a fantastic response from tradesmen who have found themselves caked and covered in grime and need some powerful Big Wipes 4x4 action!

Partners in grime

Simon – Environmental Services

"You can imagine that I come across every type of filth imaginable. I never go home clean."

Roger Blake – Plumber

"I've done the drains and cleared the sinks in this house as my customer reported loads of flies coming into their kitchen. I'm caked in it and I need a Spa day. Please let me win."

Mike Holyoake – Onslow Property Maintenance

"I get filthy stripping down central heating systems, full of black gunge and dirt! Luckily today we're filling out landlord certificates so my hands are clean!"

Richard – RAP Building and Developments

"My worst job was when I worked in the main sewers in London and had to hack away at all the solidified fat. It had to come off in small chunks in order to not clog the pipes. Not nice!"

This month's winner is...

Steve – Jobsons

"We get asked to recover all sorts of vehicles from all sorts of places but the worst one we've had in a while was a digger out of a lake. So we set about draining some water out, but the mud, sludge and everything else that gets thrown into lakes was very deep. You can see the result!"

First 20 to enter win a Big Wipes T-Shirt!
