

COMPANY: Osram
PRODUCT: DOT-it
TEL: 01744 812221

DOT-it from Osram is a portable LED light that can be stuck and re-stuck to most surfaces. It is small enough to fit into a pocket and has a tear-off 3M adhesive strip on the rear. The light acts as the switch, press it once for on, and press again to turn it off. The light is available in six colours: red, silver, black, purple, lemon yellow and orange, and includes three replaceable AAA batteries.

COMPANY: Denso
PRODUCT: New look spark plug packs
TEL: 02476 843416

Denso has launched a new look for its Automotive and Iridium Power Spark Plugs packs. Gone is the old black and yellow design, replaced by a blue box featuring the Denso logo. The packaging is now the same as Denso's Glow Plugs programmes; while the appearance of Denso's specialist Iridium Tough, Racing and Platinum ranges will remain the same.

COMPANY: Kamasa
PRODUCT: Anti-slip Bit
TEL: 01926 815000

Kamasa has launched a range of tools in counter displays that has been designed to make spotting new tools easy and encourage impulse purchasing. One of the new tools is an Anti-slip Bit in PzDrive size Pz2. It has been manufactured using S2 silicon steel for strength, and the twelve units are packed in one counter display. For more information see www.kamasa.co.uk.

COMPANY: Sycamore UK
PRODUCT: Big Wipes
TEL: 01628 894374

Sycamore has launched its new range of Automotive Big Wipes. The wipes, which come in triple packs of interior, exterior and glass formulations, are 18cm x 23cm and are throw away items for convenient valeting. They use a blend of safely-diluted cleaning solvents and emulsifiers to remove dirt, oil, tar, grease, insects, bird lime, tree sap, oil and water based paints and other stains.

COMPANY: Rackinabag
PRODUCT: X Rack
TEL: 01604 768598

The new X Rack load and travel system from Rackinabag does the job of a metal roof rack without using non-metallic and non-scratch materials. This renders it lightweight yet strong enough to hold up to 35kg. X Rack weighs 1.6kg and is small enough to fit into a car's boot. To protect paintwork, the X Rack has been manufactured with soft rubber-like, anti-slip material on its underside.

COMPANY: 3M
PRODUCT: 3M Perfect-it III
TEL: 0161 237 6391

3M has introduced a new, highly absorbent polishing wipe called 3M Perfect-it III Polishing Wipe. It gives a dust-free, scratch-free and non-streaking final finish. The company claims, the cloth is soft, supple and has low linting. It also has rapid polish absorption and static-free wiping characteristics. Packaged as a roll of 275 wipes in a portable, centre-feed box, each wipe measures 29cm x 37cm.

COMPANY: Comma
PRODUCT: ProVision
TEL: 01474 325 990

Comma has introduced a new range of glass treatment products called ProVision, which uses the manipulation of individual molecules otherwise known as nanotechnology. The range consists of three interior and exterior glass treatments; Fog Clear Gel, Rain Clear Gel and Glass Scrub. Each product is supplied with instructions and is individually boxed.

COMPANY: Laser
PRODUCT: Socket and Bits
TEL: 01926 815000

Laser Tools' new 17-piece Star Socket Set comes with a socket rail and covers sizes from E5 to E6 in 3/8" D; and from E10 to E24 in 1/2" D. The new Star Bit Set has 23 pieces covering sizes from T10 to T30 in 1/2" D and T30 to T70 in 3/8" D. The two sets have been designed in black and have been manufactured with strength and durability in mind.
