

## HAND WIPES FIT RIGHT IN YOUR POCKET

23 JULY 2015 GADGETS PRODUCT NEWS 171

Big Wipes are now available in a compact pack of 40 sheets, making them easily transportable around site in tool pouches. These industrial strength wipes come in handy when you're confined in tight spaces and you need to get rid of grime.

The wipes in the new packs are as big as their counterparts in the large tubs (20cm x 30cm) and stay just as hydrated thanks to the self-adhesive quick seal, which stays sticky from first wipe to last.

Big Wipes 4x4 tackle all modern construction sealants, from PU foam to adhesives, paints, coatings and grime.

They contain four powerful cleaning agents and four dermatologically tested skin conditioners (aloe vera, lanolin, vitamin E and glycerine) to nourish and protect the skin, making Big Wipes 4x4 cleaning wipes tough on grime and kinder to your hands.
