### Product News

Published on 4 - August - 2015

#### Big Wipes now available in handy sachet packs

Big Wipes is now offering its 4x4 formula in new compact sachet packs of 40 wipes, designed to fit into tool pouches of workwear, van gloveboxes and toolbags.

The new sachets make them ideal for jobs in confined areas such as loft spaces and under sinks.

The Big Wipes in the new sachet packs are as big as the yellow tubs (20cm x 30cm). The wipes stay just as hydrated as they would in a tub, thanks to the self-adhesive quick seal, which stays sticky from first wipe to last.

Big Wipes 4x4 instantly shift all modern construction sealants, PU foam, adhesives, paints, coatings and grime. They contain no fewer than four powerful cleaning agents and four dermatologically tested skin conditioners (Aloe Vera, Lanolin, Vitamin E and Glycerine) to nourish and protect the skin.

### Poll

**Should the new Government scrap Green Deal? It's not done what it was meant to, so what should the Government do about the Green Deal?**

- Bin it. It was always rubbish
- Keep it. It just needs time
- Replace it with something else
- Revamp it whilst keeping it in place
