## CORDLESS ROTARY TOOL

Suitable for grinding, deburring, cutting, polishing or routing – the **Bosch GRO 10.8 V-Li Professional** cordless rotary tool is designed for adjustment and repair work in different materials. Applications include cut-outs for sockets in OSB panels or plasterboard and cutting smaller pipes in hard-to-reach areas. The standard toolholder is compatible with conventional accessories such as grinding discs, drill bits and router bits.

# GET TOOKED UP!

## 10.8V DRILL/ SCREWDRIVER

**Metabo** presents the PowerMaxx BS 10.8 Volt compact drill/screwdriver. Including the drill chuck, the tool measures 162mm front to back, whilst torque ranges up to 34Nm, with a max speed of 1,400 rpm. By removing the drill chuck, a magnetic female hexagon socket for screwdriver bits is exposed, bringing size down to 122mm. In spite of the smaller size, and weight at 800g, the battery pack capacity is 2.0Ah.

## INDUSTRIAL STRENGTH WIPES

For extra cleaning strength and gentleness on skin, **Big Wipes** has launched the 4x4 range of industrial strength wipes, containing four cleaning agents and four dermatologically tested skin conditioners. According to the maker, the wipes are capable of shifting all modern construction sealants, adhesives, paints, coatings and grime instantly. The wipes come in three different fabric varieties denoted by the casing; red top for heavy duty, black top for multi-purpose and green top for multi-surface cleaning.

## BAR CLAMP

The Quick-Grip from **Irwin** is a one-handed-bar-clamp featuring a quick-change mechanism to convert the clamp to a spreader. The grip has a swivel jaw for clamping uneven materials and a jaw-lock for fixing the jaw throughout a job. The I-beam bar promises a holding load up to 135kg, and the quick-change screw mechanism holds the end jaw firmly to the bar.

## UTILITY KNIFE

The **Marshalltown** Utility Knife is a tough professional tool with a retractable blade and comfortable

Durasoft handle to reduce fatigue. Measuring 165mm the ergonomic bi-material body includes a large thumb pad for more control and a butterfly storage compartment that holds five extra blades. Old cutting blades can be changed quickly with the push button blade release and there is a safe cutting notch for string and brick line.

## WARMER WEATHER WORKWEAR

This Spring, the extensive **Mascot** range of workwear will grow to include two new ¾-length trousers in both one-colour and two-colour variants. The new trousers are made of a light fabric with a weight of 270 g/m<sup>2</sup>. Cordura reinforcements in exposed areas extends the life of your trousers as the material is seven times more durable than cotton. The Mascot Unique range, also includes Spring T-shirts and polo shirts, and flexible hoodies (one with zipper) in seven colour combinations.
