**Make an Entrance**

When a Premdor door is fitted, you will have chosen a door from one of the Country's leading manufacturers.

Resulting from an ongoing, new product development programme, the company offers one of the largest door ranges to both merchants and resellers, consolidating the reputation for high quality at affordable prices.

Whatever your requirement, when you buy a Premdor door, you are guaranteed to make an entrance.

**ABUS'S NEW COMBO**

The ABUS 158 range of combination padlocks offers a medium security level of keyless security with either 158/40mm with 3 combination dials, or 158/50mm with 4 combination dials. The 158 range now features a 45mm Key Control (KC) version, where a master key override can be applied to lost combinations; once opened with the master key a new combination can be set.

Brand new is the 158/65mm which has a solid 65mm body and through hardened 10mm shackle, combined with 5 dials and 100,000 code combinations.

**APPLY ONCE, JOB DONE**

The Caulk Once and Fill Once double act from Everbuild Building Products set a new standard in decorating fillers.

Offering superior adhesion, low shrink and outstanding flexibility, Caulk Once is a durable, longer lasting product that will cope with joint movement over time, so you won't find yourself replacing it after only a few years. Fill Once is a ready mixed filler and gives an ultra-smooth, fine finish with no shrinkage, fills up to 75mm in one go and will set rock hard to support nails or screws.

**WINN & COALES: 85 YEARS USE**

Winn & Coales (Denso) Ltd has revamped its Denso Tape packaging with a new "clean-pack" that now includes sizing, instructions for use and barcode information, making the product easier to process at the trade counter.

A new smaller, branded and easier to handle carton, together with a new mixed carton containing the four most popular sizes, enables the merchant to get stock on the shelf without having to buy a carton of each size and is ideal for "top ups".
